You've got lots to say don't take this too seriously  
(There's plenty of believers)  
We hang on every word almost deliriously  
(Yes we're the believers)

You could say it's borderline fanatic  
We can't afford to lose you can't you see  
Hit the chord we're basically ecstatic

Take good care of the poor boy  
Oh well he's new in town and he won't settle down  
Take good care of the poor boy  
Oh well he's new in town and he won't settle down  
(There's plenty who will listen)

You won't sit around waiting for it to happen to you  
If you hide yourself away, your country may honour you  
(A brighter future glistens)

Pulled alarms in shows of mere defiance  
Draw the looks, don't choose this reliance  
Crown of our creation, we're on our knees  
Lord

Oh well he's new in town and he won't settle down  
Take good care of the poor boy  
Take good care of the poor boy  
Oh well he's new in town and he won't settle down  
Good luck saving the the poor boy  
Oh when the city's down and he's gone underground

Your songs they will stand for all time  
Oooo if you leave us behind  
Oooo if you leave us behind (yeah)  
There'll be streets with your name on the sign (yeah)  
Oh Lord

Take good care of the poor boy  
Take good care of the poor boy  
Oh well he's new in town and he won't settle down  
Oh well he's new in town and he won't settle down

(He'll never settle down)  
Hey poor boy, hey poor boy, he'll never settle down  
Hey poor boy, hey poor boy, he'll never settle down  
Hey poor boy, hey poor boy, he'll never settle down  
(He'll never settle down)  
Hey poor boy, hey poor boy, he'll never settle down  
(He'll never settle down)
