First off, here's what you'll do to me.  
You'll get rough, attack my self esteem.  
It's not much, but it's the best I've got.  
And I thought you saw the good in everyone.  
Oooooohhhh...  
The good in everyone,  
You see the good in everyone  
Oooooohhhh...  
the good in everyone.  
I close my eyes, I can't give it up.  
I close my mind, I can't get enough.  
I'm in no shape, I gotta turn it off.  
Just let it play, 'The Good In Everyone'.  
Oooooohhhh...  
The good in everyone,  
You see the good in everyone  
Oooooohhhh...  
the good in everyone.
