Are you ready  
For this to take a hold of you?  
The contradiction  
Of what you're putting me through  
It drives me crazy  
But then that's nothing new  
It takes a hold of you

I don't know why, don't know why  
You have to cross that line, you cross that line  
Where you can be so kind, sometimes  
And you can be unkind, sometimes  
[x2]

Well, it's your talent  
You suck the life out of the room  
A revelation  
You peel the lies off of the truth  
But you don't know it

You haven't got a clue you suck the life out of the room

I don't know why, don't know why  
You have to cross that line, you cross that line  
Where you can be so kind, sometimes  
And you can be unkind, sometimes  
[x2]

I don't know why, don't know why  
You have to cross that line, you cross that line, yeah

I don't know why

Be unkind sometimes  
And be so kind sometimes  
(I don't know why you have to)  
[x4]

Be unkind sometimes
