Gimme back my dog (x8)

It was mine before I met you  
It was mine before I'd let you  
Come closer and hold it and know it  
The way you once knew me

And it was mine before you knew me  
It was mine before you'd choose me  
And use me and lose me, refuse me  
The way you're now refusing to

Gimme back my dog (x8)

It was mine before I'd see you  
It was mine before I believed you  
When you said 'I need you'  
It seems that you were just throwin' me a bone

And it was mine before you found me  
It was mine before you'd hound me  
And bound me, then ground me, and pound me  
Like a stray dog with no way home  
Oh, just like a dirty stray dog with no way home

So come on girl, you gotta give me some credit  
It was mine before you'd go get it  
And pet it, and let it run  
When you threw the damn thing its ball

And it was mine before you lost me  
It was mine before you'd try me  
Lie to me, and try to deny me  
That you ever loved me at all  
Yeah so

Gimme back my dog (x12)
