I can remember a time you could see the sunshine, we  
were so fine  
And I can remember a time when darkness only fell on  
you in the night-time  
Then there came a time when all we did was bitch and  
bicker  
And I can remember a time when this shot glass here  
was full of liquor, but

I know what you feelin'  
I know what you thinkin'  
'Cause you're thinkin' so loud it's coming out your  
mouth  
I know what your hearin'  
I know what your seein'  
But you're lookin' so hard and your eyes are bleedin'  
Oh yeah, you're lookin' with your whiskey glass eye

And so as time went by, I watched you sinkin' deeper  
and deeper  
And you tried with all your might to catch yourself one  
that might be a keeper  
Should've come as no surprise to find out things just  
ain't that easy  
And you had your hand on the prize but it slipped right  
out  
'cause your hands were greasy, but

I know what you feelin'  
I know what you thinkin'  
'Cause you're thinkin' so loud it's coming out your  
mouth  
I know what your hearin'  
I know what your seein'  
But you're lookin' so hard and your eyes are bleedin'  
Oh yeah, and you're lookin' with your whiskey glass eye

And now you're stuck in mud and your gears are low  
and your wheels are spinnin'  
And it don't look like your gonna ever free yourself  
from

drinkin'  
smokin'  
fightin'  
cryin' and  
sinnin', but,

I know what you feelin'  
I know what you thinkin'  
'Cause you're thinkin' so loud it's coming out your  
mouth  
I know what your hearin'  
I know what your seein'  
But you're lookin' so hard and your eyes are bleedin'  
Oh yeah, and you're lookin' with your whiskey glass eye
