Choking on lies,
Making the best of a bad conversation
Your eyes dried as I tried sleeping in your bed
To fake another smile and take with me what was mine
While racing to you forever

We're waking up and It's 6:00 o' clock
Did you ever think things could be the same
If we happened to wake up late

[Chorus x2]
Don't let go
Don't let go

We both know It's sad to say
That this time it's good-bye good-bye

Giving applause for you
Always pointing out everyone's flaws
And breaking what binds you
'Cause your moving on with your life
After tonight you said last night all alone
I hope you change someday 4 your own good

We're waking up and It's 6:00 o' clock
Did you ever think things could be the same
If we happened to wake up late

[Chorus x5]

Goodbye!
