Short sleeved shit kicking animals  
Lining me up  
It's all over their face  
Here's a new chicken shit angel eyed boy  
With a face to rip open all night  
Step up to the line boys  
Cover your eyes as they fire their guns  
The Friday night abattoir spills out into...  
The Streets

Here comes the Panzer Attack (x7)

This boy's taking the easy way out  
Cos there's nothing like a midnight run  
Don't you tell me not to hide  
You've got to grit your teeth  
And try to keep them too  
Curled up in a can  
They don't know where I am  
I'll spend the night in here  
Cowered in the trash till 4 am  
You missed another one

Here comes the Panzer Attack (x8)

Here comes the Panzer Attack (x4)
