Will you keep in mind  
That all these fables I will lay out  
Are dressed in disguise  
So lay me down  
Lay me down

Will you keep in mind  
That all the lies that I will try  
To sell you tonight  
Don't weigh me down  
Don't weigh me down

Oh, I've been sleeping with Hope  
That these stars will carry me  
Away from all the vanity

Oh, I've been trading my Love  
For a glimpse of what is real  
Cause it's not how it's supposed to feel

You're just in time  
To take my mind and  
Cast the hurt that I've held aside  
So lay me down  
Lay me down

You've read my mind  
Turning pages you will find that  
These flaws shine so bright  
Tell me now  
Please tell me now

Oh, I've been sleeping with Hope  
That these stars will carry me  
Away from all the vanity

Oh, I've been trading my Love  
For a glimpse of what is real  
Cause it's not how it's supposed to feel

I remember a heart that would race

And I remember when love set the pace  
These words I will scream  
They wont bring the light back

I remember strength once by my side  
And I remember the tears that I've cried  
When this is over  
Forgive me, I'll plead

Oh, I've been sleeping with Hope  
That these stars will carry me  
Away from all the vanity

Oh, I've been trading my Love  
For a glimpse of what is real  
Cause it's not how it's supposed to feel

I've been sleeping with Hope
