Don't bother bother  
Don't bother bother bother  
Don't bother bother  
Don't bother bother bother

If you have a little sister  
And they annoy you just say  
Don't bother bother  
Don't bother bother bother  
Don't bother bother  
Don't bother bother bother

If you have a little brother  
And they annoy you just say  
Don't bother bother  
Don't bother bother bother  
Don't bother bother  
Don't bother bother bother

We are so annoyed(uh-uh)  
And we just want to say  
We are so annoyed(uh-uh)  
And we just want to say  
We are so annoyed(uh-uh)  
And we just want to say

Don't bother bother  
Don't bother bother bother  
Don't bother bother  
Don't bother bother bother  
Don't bother bother  
Don't bother bother bother  
Don't bother bother  
Don't bother bother bother

DON'T BOTHER  
(Sorry sheesh brothers and sisters these days)  
Yeah
