Sing where the other boys can watch you dance  
Here come my man  
Sing where the other boys can watch you dance  
Here in my mind  
Watch you fall away  
I know  
Sing where the other boys can watch you dance  
See you cover death  
I know  
We're fine, you are blind  
Caught it from behind  
Feel you fall away  
I know he's here to stay  
Sing where the other boys can watch you dance  
Sing where the other boys can watch you dance  
[...]  
Sing where the other boys can watch you dance  
What a world I [...]  
Sing where the other boys can watch you dance  
I thought I [...]  
Everything I say  
[...]  
Sing where the other boys can watch you dance  
[...]  
[...]  
And I know that he's gone away
