I know there is
It all away
It all goes round
The house today

The reason why
You're leasing time
The sadman calls
He calls for you

The [Incomprehensible]
[Incomprehensible]
The sadman calls
He calls for you

The things you say
The songs that shine
For all the time

I count the ways
Your smile [Incomprehensible]
The sadman calls
He calls for you

You hurt my feelings
[Incomprehensible]
The sadman [Incomprehensible]
