I just woke up from a fractured fairy tale  
I bought the dream but didn't read the small details  
Oh which road I should take, I thought I could see it  
You led me astray and now I feel cheated  
I let you break my heart and bleed it  
I know it

But I finally learned that I hate to lose  
Found out something I gotta prove

I'm a survivor  
Scream it loud and strong  
I'm a survivor  
That's right, bring it on

I'm taking back the part I gave away  
And I'll never do it again unless it's an even trade  
I opened my heart, like a fool I trusted  
A light in the dark, until you unplugged it  
Love left a mark but I rise above it  
I know it

Every mistake that I ever made  
Made me who I am today

I'm a survivor  
Scream it loud and strong  
I'm a survivor  
That's right, bring it on

The princess opens up her eyes without a kiss  
For that she won't forgive  
Because this good girl's pissed

I'm a survivor  
Scream it loud and strong

I'm a survivor  
That's right, bring it on
