There's a badman that I once knew  
His heart was black and his blood was blue  
Badman comin' for you  
He'd sell his wife for a dollar or two  
To be a rich man with many maids  
He's got eyes like hand grenades  
He had a good woman  
In the palm of his hand  
Until she left him for another man

(Now he's a) Bad, badman  
You bad, badman  
You gotta do what you can  
When you're a badman

He's a badman and that's the truth  
The devil's law don't need no proof  
He's a jealous man, all alone  
A motel room is not a home  
Helpless man, he fell ill  
He was prescribed a fatal pill  
Now he's a dead man  
His heart's still black  
His only love stabbed him in the back

(Now he's a) Bad, badman  
You bad, badman  
You gotta do what you can  
When you're a badman

The Lord knows everybody can be a badman every  
once in a while.  
That's alright, you badman.

Now he's a bad, badman  
You're a bad, badman  
You gotta do what you can  
When you're a bad badman  
You're a bad badman  
You're a bad badman  
You got to do what you can

When you're a badman
