Outside the factory gates
Where I will sit and wait
For you to turn around
And show me there's a way
I am a stranger to the light
Enchanted by the walkers of the night

I stepped into the dark
With all the broken hearts
I've searched the empty streets
Distant and apart
I am a stranger in this life
Haunted by yesterday's desires

And when we meet again
You'll know I am to blame
When you see me standing in the rain

They say they can see
What I'm supposed to be
But what is right for them
Don't mean it's right for me
I am a stranger to the light
Enchanted by the walkers of the night

And so the story goes
As I watch from my window
Across the water front
But they will never know
I am a stranger in this life
Haunted by yesterday's desires

And when we meet again
You'll know I am to blame
When you see me standing in the rain

I am a stranger to the light
Enchanted by the walkers of the night
And when we meet again
You'll know I am to blame
When you see me standing in the rain

In the rain
In the rain
In the rain
In the rain
In the rain
