Every day I recognise  
What's deceased and what's alive  
But don't repeat what I just said  
Until boulders turn to lead  
Then all the tales will be told  
Whilst you and I are in the cold  
But don't think this is the end  
Cos it's just begun my friend  
And when it's done  
And all this is gone  
Just find a feeling pass it on

For every tear cried in shame  
There'll be someone else to blame  
And every crime that I commit  
There'll be a punishment to fit  
But I'd accept what's coming round  
If I could only lose this sound  
That's been ringing in my ears  
And tormenting me for years

When it's done  
And all of this is gone  
Just find a feeling pass it on

And when it's done  
And all of this is gone  
Just find a feeling pass it on  
Just find a feeling pass it on  
Just find a feeling pass it on  
Just find a feeling pass it on
