She'll watch the sky as it fades into black
Walks with the lovers that never came back
The princes and kings
All the beautiful things
And more

She won't wait, she'll never look back
Through the fog where the mirrors have cracked
She slides through a dream
With all her beautiful schemes
And more

She's got a reason to roam with the stars
Watch her go as she sings
Dum dum da da da da
Dum dum da da da da
Dum dum da da da da
Dum dum da da da da

Love is gold, time is a thief
She's the river that runs to the sea
with her arms open wide
Her sorrow, her smile
And more

Still she wanders soaked to the bone
The road she's on, well it won't lead her home
To the place where she cried
For the stranger inside
And more

She's got a reason to roam with the stars
Watch her go as she sings
Dum dum da da da da
Dum dum da da da da
Dum dum da da da da
Dum dum da da da da

She'll watch the sky as it fades into black
Walks with the lovers that never came back
The princes and kings

All the beautiful things
And more

She's got a reason to roam with the stars
Watch her go as she sings
Dum dum da da da da
Dum dum da da da da
Dum dum da da da da
Dum dum da da daaaa
