Witchcraft, it's her hobby
She has put a spell on me
Witchcraft, through and through
Black is the poison of her brew
How do you do
Your voodoo
Like you do

Witchcraft, seduced is she
Who is possessed by perversity
Witchcraft, who knows best
In the end someone confessed

How do you do
Your voodoo
Like you do

Witchcraft, don't pretend
When your down she'll be your friend
Witchcraft, all is lost
Now's the time to burn the cross

How do you do
Your voodoo
Like you do

How do you do
Your voodoo
Like you do
