Against the sky  
She's standing there alone  
Like a picture perfect painting of  
A beautiful lost soul

Her heart  
Safely locked away  
She guards the shattered pieces  
From the one that caused her pain

I reach out to her  
And she follows me

This is for the perfect moments  
Shattered by a broken heart  
Remember that you are not alone

Don't give up, and keep on trying  
You will always make it through  
Coming out much stronger in the end

Her eyes  
Deep and full of life  
All she ever needed was  
Someone to treat her right

Her lips  
Thank me for the hope  
That one day she will find the one  
A boy she'll call her own

She's never felt alive  
As she does now

This is for the perfect moments  
Shattered by a broken heart  
Remember that you are not alone

Don't give up, and keep on trying  
You will always make it through  
Coming out much stronger in the end

Remember that you are not alone  
Remember that you are not alone

This is for the perfect moments  
Shattered by a broken heart  
Remember that you are not alone

Don't give up, and keep on trying  
You will always make it through  
Coming out much stronger in the end
