Everybody's screaming, "we gotta get  
out!"

Everybody's dancing. This is what we're all about!

Dont' let them drag you down

Don't let them drag you down

It feels as if we haven't gotten any further

Stuck in the same place

Well it's time to move on now

We're disregarding every word they said

Never give in, never give up

They'll never drag us down

Everybody's screaming, "we gotta get  
out!"

Everybody's dancing. This is what we're all about!

Dont' let them drag you down

Don't let them drag you down

I can't pretend that this is easy

When it feels like the entire world

Is trying to suffocate me

What's there left to do now?

Prove them wrong! Prove them wrong!

There's strength in us!

Lets show it to the whole world!

Everybody's screaming, "we gotta get  
out!"

Everybody's dancing. This is what we're all about!

Dont' let them drag you down

Don't let them drag you down

This is where we prove you wrong!

This will be your final song!

Everybody's screaming, "we gotta get  
out!"

Everybody's dancing. This is what we're all about!

Dont' let them drag you down

Don't let them drag you down
