Hey girl (hey girl)  
Can I be your favourite memory? (memory)  
And girl (and girl)  
I love it when it's just you, when it... s just you and me

So I'm (so I'm)  
Writing this for you, so you can know what it's like  
Oh no (Oh no)  
Girl you're not alone, I think about you every night

I think about you every night...

I still see you in my dreams  
I still see you  
I can feel you

I still see you in my dreams  
I still see you  
And I miss you

You're my favourite memory  
All I know is

I still see you in my dreams  
I still see you  
I still see you

Worry (worry)  
Don't worry anymore, I am here for you  
Always (always)  
Please girl just relax, everything that I said was true

Believe (believe)  
I would never lie, I'm not like the others  
Don't cry (don't cry)  
Come on, all I need, is to see you smile

All I need is to see you smile...

I still see you in my dreams  
I still see you  
I can feel you

I still see you in my dreams  
I still see you  
And I miss you

You're my favourite memory  
All I know is

I still see you in my dreams  
I still see you  
I still see you

I still see you in my dreams  
You're my favourite memory

I still see you in my dreams  
I still see you  
I can feel you

I still see you in my dreams  
I still see you  
And I miss you

You're my favourite memory  
All I know is

I still see you in my dreams  
I still see you  
I still see you

I can feel you

Don't cry!  
You are not alone!  
Don't cry!  
You are not alone!
