Saw you in my dreams  
Walking out of the ocean  
Horses coming out of the ocean  
Birds flying out of the ocean  
You coming out of the ocean  
In my dream, in my dream

Songs were being sung  
By some invisible singer  
Love coming out of the singer  
Hurt coming out of the singer  
Me coming out of the singer  
In my dream, in my dream

I love you best  
In between the spaces  
Hands filling in the spaces  
Words filling up the spaces  
Ocean rushing into the spaces  
In my dream
