Come on make a wish yeah make a wish  
You could make a wish  
Come on make a wish yeah make a wish  
You should make a wish  
Now I am what I am and that's all that I am  
And you are what you do nothing old only new so  
Play how you wanna play  
Say what you wanna say  
Loud as you wanna sing  
Crazy as you wanna be  
So you know what you know and that's all that you know  
And you flip it along while we roll to this song so  
Roll how you wanna roll  
Jam how you wanna jam  
Glam how you wanna glam  
All a possibility  
So come on make a wish yeah you could make a wish  
You ought to make a wish and feel it so you can seal it  
So come on make a wish yeah you should make a wish  
We're gonna make it stick forever so don't say never  
Skip a rock on the lake while you blow out your cake  
All the candles on the floor make you want a lot more  
so  
Smile how you wanna smile  
Climb up the highest tower  
Never give up the power  
Soak up every hour  
Now you hear what I say gonna take you away  
Can't you feel all the love raining down from above and  
Move like you gotta groove  
Dance how you gotta dance  
Prance 'cause you got the chance  
We love spontaneity  
So come on make a wish yeah you could make a wish  
You ought to make a wish and feel it so you can seal it  
So come on make a wish yeah you should make a wish  
We're gonna make it stick forever so don't say never  
Scream on top of a mountain  
You can make a wish  
Throw your pennies in the fountain  
Come and make a wish  
So come on make a wish yeah you could make a wish

You ought to make a wish and feel it so you can seal it  
So come on make a wish yeah you should make a wish  
We're gonna make it stick forever so don't say never
