Lying
I'm lying on the floor
Desires out the door
Lying
I'm lying on the floor
Desires out the door
I killed that doubt
And then gone you faith
Why would you walk
The path that I recreate
Be not afraid
These are the words
I told to the men in our faith
Be not afraid
Well fly
Don't turn away
Your blind
Blind
Lying lying
I want turn away
It's just you and me
I would turn away
It's just you and me
Just your touched
Trembling knee now I see
