Where we come from is a place we call Conant
Gardens

(Motown) We getting shit started

If you every hear us say Magnet-net-net

[Jay Dee]

It's going down like that range rover

When ladies see you they get the love hang over

Day or a night if you wanna stay over

You better have the will to bend over and take...

[Baatn]

Off your clothes in time..

Conqueror, come back to give some of that old

Pictual, actual, factual; Let Mac'll bring you the raw

With gigantic flow that my people come to love

[T3]

Azurite, get down with it

Can't fathom these brothers fantastic

Uh, I heard cry when I dip that ass in some plastic

How could you master, you deal with rappin' bastards

Because you asked us if we could bring you fashions

Fascists , because we turn this rap shit into something
tragic

I didn't wanna have to put you in some action

Uh, I know you asked but did you really wanna have it?

See, I cause havoc like a loaded automatic...

[Jay Dee]

Blow!!

How do you like me now nigga, you know my style say

WORD

I'm from the city where we know for slayin' pounds of
herb

Getting dough is a must, and it's the money making its

Yo, the never faking its creating shit that's taking your

hoe

After the show you know I step up in the place...

[Baatn]

...when I step up in the place
Mind is not strong enough, to hold me back,
The tools you lack, the skills you deal,
Lyrics to kill, cars to deal,
Cops to peel, image too real!

[All]

Do it, do it, do it, do it, do it, do it, do it...
Come on, come on, come on, come on, come on, come
on, come, on...
Do it, do it, do it, come on, come on, do it do it...

[Jay Dee]

Back again from the bank baby, common my chain
Chains for most of these cats probably cop my rings
Quick, fast, and always got a way to get cash
Whiplash is what you get when you mashing the gas
If you ask, you might catch me...

[T3]

...You might catch me on my rental
Won't catch me in tinted windows
Might catch me ???
Or various instrumentals and yo...
Got a whole crew and my crew is monumental and yo...
You need to lo and behold these innuendos

[Baatin]

Its just the fine talk
Mac'll come with tracks, you relaxe-d
My rhyme is universal like a elastic-uh
I hope you feel me like you feel your past-or

[Jay Dee]

...What do you ???
And you so used to bab-bl-ing
??? Cause we mas-tered this rap shit
Pockets get madder cause its hitting so imma-culate
You like the way it goes down when S attacks-it
It will get tragic when the S is on the mission...

[T3]

...The S is on a mission again
So listen! Relax, take a seat in the place
Its livin! Living up to expectations and still
Rippin! With rhymes and filling the chrome
Dippin! Cruising the neighborhood is just local
Pimpin!

[Baatin]

As for my memory, we were meant to be.

I am the soul Melchizedk, from the D
Role of the world, ever see, who got the Key
Its gonna take a master, yo, yo, the S, S

[All]

Where we come from is a place we call Conant
Gardens

Motown, we getting shit started

We don't stop, we don't quit...

We just do it, do it, do it, do it do it,

Come on, come on, come on, come on,

Yo, yo, yo...
