Hold Tight

Uh Hold tight this is the last time you hear me
I'm out now this is the last time you cheer me
Niggas said the game is gettin too slimey
Liable to make this ps brother turn grimey
Imma leave it in the hands of the slum now
Take it away from where it comes from now
Alot o you cats in the music buisness
Shift this i'll put you on the shit list
Did ya intuition say the shit on me?
imma just flip your ears yo you hear me b?
D'angelo play your piano
Jay Dee flip another beat for me
Hold tight with ma tear in ma nigga T3
Bus a buss watch out for who you trust
Ali Shaheed its your blood that i bleed
Yes fine for you i will give my life
Its the umu shit fo real till theres no more light
All you foul motherfuckers change your wrong to right
Make sure y'all bring your music to the area flight Hold
tight
Hold tight ha ha ha ha ha ha
Hold tight get ya ass back what ya did yo
Hold tight the SV what ya did yo
Hold tight you don't pay attention man
Thats why your money is the size of your attention span
Yo theres something i gotta mention Damn
Who the fuck is this sittin in my session man?
This is ma project hoe
Not some MC sham
not yours watch your attention span
You probably bootleging my tape at a concession stand
What the fuck niggas never learn their lesson man
I try my best at the whole this smith from the western
man
but i gotta hold something cause niggas test you man
anyway yo keep it movin keep the questions and
Maybe i can bless you with the test pressers man
Until then hold tight hold tight hold tight hold tight hold
tight

Guess whos making this cheese this cash this dust
so much cash in my hand that i got papercuts
Im tryna become a winner tryna get with us
Thats one of the reasons i had to fuck you up
I caught you people at my window tryna see what im
doing
So i put out the 45 and can miss the star student, see
ya!
See i miss with every dilla cause youn were keeping it
moving
Now thats some root news and now what what youre
doing
So hold tight x8
You dont understand I be doing this shit since around
the rand
Now imma make some more paper cash
?? im outta this
Cause you dont appreciate
I step up in the place tryna culptivate
You sippin on your tankeree whilst we levitate
you aint got no reason to celebrate
You caught up in my trap, sealing your fate
Never was it once you co operate
Was last you just self destruct inside you hate
I hope you feelin better now
Hold tight to my rhyme
Nigga dont cry
Its alright you can move at your own pace
Altogether now
Hold tight x4
