There's something I wanted to know, can we get closer?

Yeah baby, seems like I've waited to know, can we get closer?

Yeah, yeah, girl you should come up for the week
I'll make you come from the tub to the sink
Rubbing your feet in a luxury suite
Make sure you come with nothing
On just a long shearling

And I'ma make ya toes curl up like there all
[Incomprehensible]
I'll whisper in your ear, tell ya something
Stick my tongue in ya bellybutton
Reach down below, ya know I'm well sprung
Hit ya from the back to get ya calves trembling

And pull ya hair 'til it's straight
You'll look half Indian, laughing, giggling
With champagne bubbles tickle ya nose
Before you I wouldn't throw my old nickles at ho's

I'm just glad we can get close, for breakfast in the morning
We can fly out to Paris, France for the French toast
You made me wait so long and that's a good thing

Now let me make ya candy rain dampen your thong
I hit it off like a champion strong, for real
You're still bumpin' and grindin' even
After the song but all along I, I

There's something I wanted to know, can we get closer?
Yeah baby, seems like I've waited to know, can we get closer?

Let me talk to ya, feel me for a sec
I love ya sassy ways I must confess
Ya lookin' good girl, I hope you into sex
Sort of a model type with a splash of innocence

Ya fast charms, ass like ya mums
I love that Tiffany charm that's hangin' from ya arm
And if we get it on I'ma take her back to the fort
Show her how I run game like an athlete in a sport

Sweetie, I can see that money ain't a thing
Been doin' this for a while no need to explain it
Ya doing swell girl, ya never doin' poorly
Ya know I'm hopping in whips just look at the jewelry

Plus you need a man in your life, yo, someone who can
hit it right
And plus got the right doe, plus I'll treat you like a
queen
Yo, your place or mine? I was thinking we should get
close

There's something I wanted to know, can we get
closer?
Yeah baby, seems like I've waited to know, can we get
closer?

A lot of cats have tried it, I like to touch the na, na, I
I know you act real shy but know you get down
You're not that type we go, just keep it low and let it go
No need to act up 'cause, I know you get down

Can we get closer tonite? I'll make you cry
Touch you inside baby, I make you get down
Hold you very close with or without clothes
Public or closed doors, we will get closer, yeah

There's something I wanted to know, can we get
closer?
Yeah baby, seems like I've waited to know, can we get
closer?

There's something I wanted to know, can we get
closer?
