Everybody is a star  
Who can rain, chase the dust away  
Everybody wants to shine  
Oh, come out on a cloudy day

'Til the sun that loves you proud  
When the system tries to bring you down  
Every hand to shine tonight  
You don't need darkness to do what you think is right

Ba pa pa  
Pa pa pa  
Pa pa pa

Everybody is a star  
I can feel it when you shine on me  
I love you for who you are  
Not the one you feel you need to be

Ever catch a falling star  
Ain't no stopping 'til it's in the ground  
Everybody is a star  
One big circle going round and round

Ba pa pa  
Pa pa pa  
Pa pa pa
