Let it go
Let it go

I know you're wondering why
I kept telling lies
To do the little things I've done
I know I messed up before
That was back in 04
Now you're the only one

It just happened
Things just got carried away
Sorry that it happened
It wasn't suppose to be this way
Wish that I could stop and press rewind
Get it out your mind
Get it out your mind

Can you let it go?
I know you're tired and you've had enough
Let's put the past behind us
Start all over
Baby let it go
It's not that easy to forgive me
After all I put you through
Try to let it go
(Let it go, let it go)
Baby let it go
(Let it go, let it go)
(Let it go, let it go)
(Let it go, let it go)
Will you let it go?

I know what I did was wrong
Our love is way too strong
How can I make it better
To get us back together?
I know your heart's hurting every day
Really hope it's not too late?

It just happened

Things just got carried away
Sorry that it happened
It wasn't suppose to be this way
Wish that I could stop and press rewind
Get it out your mind
Get it out your mind

Can you let it go?
I know you're tired and you've had enough
Let's put the past behind us
Start all over
Baby let it go
It's not that easy to forgive me
After all I put you through
Try to let it go
(Let it go, let it go)
(Let it go, let it go)
(Let it go, let it go)
Can you please let it go?

Let, let, let, let it go
Let it go, baby
Let, let, let, let it go
Let it go, baby girl
Let, let, let, let it go
Let it go, baby
Let, let, let, let it go
Let it go, baby girl

Let, let, let, let, let it go
Let it go baby
You gotta let it go
Let, let, let, let, let it go
Let it go baby girl
You gotta let it go
Let, let, let, let, let it go
Let it go baby
You gotta let it go
Let, let, let, let, let it go
Let it go baby girl

Can you let it go?
I know you're tired and you've had enough
Let's put the past behind us
Start all over
Baby let it go
It's not that easy to forgive me
After all I put you through
Try to let it go
Baby let it go
Let it go

Try to let it go
(Let it go, let it go)
(Let it go, let it go)
(Let it go, let it go)
Baby let it go

Can you let it go?
I know you're tired and you've had enough
Let's put the past behind us
Start all over
Baby let it go
It's not that easy to forgive me
After all I put you through
Try to let it go
Let it go
Let it go
Let it go
Let it go
Let it go
Will you let it go?
