I'm giving my love to nobody,
I'm having my sex with nobody,
I'm going to bed with nobody,
I'm petting my pets with nobody.

Because there is nobody here,
Because there is nobody there,
Because only me is here
And nobody.

I'm drinking my beer with nobody,
I'm petting my cat with nobody,
I'm giving my love to nobody,
I'm singing my songs for nobody.

Because there is nobody here,
Because there is nobody there,
Because only me is here
And nobody.
And nobody.

I'm fleeing my sex with nobody,
And petting my cat with nobody,
I'm giving my love to nobody,
I'm drinking my beer with nobody.

I'm going to bed with nobody,
I'm having my sex with nobody,
I'm petting my cat with nobody,
I'm giving my love to nobody.

I'm giving my love to nobody.
I'm petting my cat with nobody,
I'm having my sex with nobody,
And I will die, die with nobody.
