So it seems
Re occurred again
Blood is ink
Dripping from a pen

Love to them
Is just a game
Breaking hearts
I feel so ashamed

Trajedy
I'm feeling so lost
Get away from the hoes
Just after the frost
Subliminal
It's means kids and sperm
Only wanting sex
Leave to get a perm
For the next guy
They going to break his heart
Recovering
Where do I start
I will start
I say there name
Think of them
I start each day
Want to forget
All the lies they she'd
Bet they in the other room
Giving head
On there bed
Brings a tear
To my eye
Another fear
In my mind

Grimey ass hoes
They ruin my life
I just want a family
And a wife
I'm sick of there bull shit and games

Fuck fuck shit damn
Going insane

In the brain
Subliminal
It means head
Aka blowjob
Or emotionally instead

I'm sad
I'm so hurt
All the times we spent together
I loved her
Holding hands
In the mall
Burn skillet
No stalker song
Clubbing
Grubbing
Attraction in the courts
All the fun
Laughing up a storm
Texting all day
Texing all night
Colon plus a star
I kiss her goodnight
Calls me
As soon as she wakes up
Talked about
All the things instored
Family and future
Shopping at stores
Living the dream
Together with a kid
Living the dream
Lied, aint what it seemed
