imagine that i'm on stage under a watchtower of  
punishing light. and in the  
haze is your face bathed in shadow and what's beyond  
you is hidden from sight.  
and somebody right now is yawning and watching me  
like a tv. and i've been  
frantically piling up sandbags against the flood waters  
of fatigue and  
insecurity. and that's when i hear my guitar singing and  
so i just start  
singing along. and somewhere in my chest all the noise  
just gets crushed by  
the song. imagine that i'm at your mercy, imagine that  
you are at mine. just  
pretend that i've been standing here, watching you  
watching me all of this  
time. imagine that you are the weather in the tiny snow  
globe of this song.  
and i am a statue of liberty one inch long. so here i am  
at my most hungry,  
and here i am at my most full. and here i am waving a  
red cape, locking eyes  
with a bull. imagine that i'm on stage under a  
watchtower of punishing light.  
and in the haze is your face bathed in shadow and  
what's beyond you is hidden  
from sight.
