When I am lonely, when I am blue, when I am crying
tears over you
I just get rolling, I just get by, sky chaser high, hi-hi-hi-
high
Ten in the morning 'til late in the night, whatever time,
feeling all right
I don't get lonely, I don't even try, I just get high - sky
chaser high

(oo-la la la, -la la la, -la la la, -la la la, dooo - waaah)
I hope and I pray that maybe one day I'll see it as
legally mine
(oo-la la la, -la la la, -la la la, -la la la, dooo - waaah)
But Blair don't got a prick, and Major sucks dick, isn't
no wonder it's seen as a crime?

So if you're thinking of someone to kill, just take a line,
just take a pill
You don't want no prison, you don't wanna die, get sky
chaser high, hi-hi-hi-high

Sky chaser high, hi-hi-hi-high... {smokey Sax!}
