CHORUS:

Peace is the bread we break

Love is the river rolling

Life is a chance we take

When we make this earth our home

Gonna make this earth our home.

Feel the cool breeze blowing through the smoke and  
the heat

Hear the gentle voices and the marching feet

Singing call back the fire, draw the missiles down

And we'll call this earth our home.

CHORUS

We have known the atom, the power and pain

We've seen people fall beneath the killing rain

If the mind still reasons and the soul remains

It shall never be again.

CHORUS

Peace grows from a tiny seed

As the acorn grows into the tallest tree

Many years ago I heard a soldier say

When people want peace, better get out of the way.
