Hearing, talking, yes I love you

Set your heart, sail along the river

Look around as you drift downstream

Pouring souls into the ocean

Take account of all you've seen

One people together, freedom for today

So easy the future, so see the children's way

Love me, teach me, know me

One people together, freedom for today

Tomorrow forever, so see the people's way

Many moons cascade one river

They light from side to side

As we cross in close proximity

Like rivers our hearts entwine

Howe we talk, how we teach our children

How we move, we direct our eyes

Like senses tuned discovery

As and as when our hearts decide

Be ready now, be ye circle

Be the central force ye life

As the game extends the cycle

Be ready to move

CHORUS

One heart's for love, one's for giving

Sailing down the river

Two hearts are better than one

Throwing out a line

I'm hearing it, I'm living it

I believe in it, I'm loving it

Sharing in our fortunes

Two hearts are better than one

In and out of time

As we flow down life's rivers

I see the stars glow one by one

All angels of the magic constellation

Be singing us now
