Is it something

Is it something said

I know you're lost

Like someone who's lonely

And cannot see the way

I still love you

There's some things that bind

And so the tale is just a moral of love

It comes and it goes with time

Don't think about the worries

My love will change you

Someday you'll find room

In your heart for my love again

Is it me

Is it me that

Hurt you so badly

Are you ready

Are you changed for this

Because I know that it's not always going

The way you see

Things don't easily change

Those facts of love
That come with the moment
Just memories remain
Don't think about your worries
My love will change you
And open up this feeling of love
In your heart again
Was it me
Was it me that
Hurt you so badly
Are you ready
Are you changed for this
I couldn't stand another day without you
Is it love
Is it this love
Are you ready to be counting
I'm your lover
I'm your everything
And you won't always be telling me
It's all over
- Solo -
Was it me
It's another world
Was it me that
It's another time

Hurt you so badly
I can't believe in love without you
Are you ready
It's another day
Are you changed at all
It's another place
I couldn't stand another day without you
I can't believe in love without you
I'm in love
It's another world
I'm in this love
It's another time
It's not easy when I feel so strong about you
I can't believe in love without you
There's no other
It's another day
There's no one but you
It's another time
I couldn't stand another day without your love
I can't believe in love without you
