Jon Anderson)

I may not always be the one

But until something comes along

It's never easy but I know

Without you where would I go?

I may not always stoop to win

Cause we can change how we begin

I won't deny my brothers sight

Without them how will I fly?

Same chance

Same time

Come along

How can I tell yo uwhat to be

When you're the best judge of yourself?

You hold a power so unique

You have the power to change your world

Same chance

Same steps along the way

Same chance

Same time

I may not always be the one

But until something comes along

It's never easy but I know

Without you where would I go?

You may not always see me win

Doesn't mean I won't be dreaming

I can stand as tall as the sky

With this feeling

Wanting only just to be with you

Same time

Same place under the sun

Same chance

See, it's almost there!

Wanting only just to be with you

To be near you this time
