You're like the sun
A beautiful blinding light
It burns all that I am
I try to run
I shouldn't be here but I'm
A shadow disguised as a man

I will wait for you
I fight but I can't move
I will wait for you

You're like the promise that can't be forgotten
My greatest mistake, my favourite addiction
You're like the memory, like deja-vu to me
My greatest mistake, my favourite addiction

You're like a cigarette
The scent of a burning rose
The crave is relentless
A beggar's roulette
Love fades like the money goes
And yours is expensive now

I will wait for you
I know that I'll get bruised
I will wait for you

You're like the promise that can't be forgotten
My greatest mistake, my favourite addiction
You're like the memory, like deja-vu to me
My greatest mistake, my favourite addiction

One war at a time
I know that I'm
Breaking the habit, the habit of you
You bent me so easy, you broke
Me completely
You're all that I knew

I will wait for you
There's no way that I can move
I will wait for you
