Life's like a little paper ball caught on tide
Pulled from the shore
Tonight now, the universe surrounds you in it's light
And you feel so small

Now I'm feeling like a rolling stone,
Falls into the great unknown
The sailors sinks beneath the waves

Save me from myself
From it all
I don't wanna drown
Save me from this life
From this world
It's all coming down
[All coming down]

Fear now, the horizon slowly disappears, into the haze
Steer me, captain can you guide me towards the clear
I've my lost my way

Now I'm feeling like a rolling stone,
Falls into the great unknown
The sailors fights against the waves
The hand that pulls you underneath
Holds you down 'til you can't breathe
I try but I can't break away

Save me from myself
From it all
I don't wanna drown
Save me from this life
From this world
It's all coming down
[Yeah]

Oh, I'm not crazy
This worlds against me
So can you save me
Oh, I've been failing
This war I'm waging
It's gonna bring me down

Now I'm feeling like a rolling stone,
Falls into the great unknown
The hand that pulls you underneath
Holds you down 'til you can't breathe
I try but I can't break away

Save me from myself
From it all
I don't wanna drown
Save me from this life
From this world
It's all coming down
[Hey Yeah]

Can you save me
Can you save me
Can you save me now
Can you save me
Can you save me now
