Tell me if the stars
Tell me if the stars will shine on us
Well they seem so far

Tell me if the sky
Tell me if the sky will fall tonight
Well it seems high

'Cause the trouble with you and me
Is that you don't hear and I still
Cannot see
Yea the trouble with you and me
Is that you don't hear and I still
Cannot see

Tell me if your heart
[Tell me if your heart]
Tell me if your heart still beats as fast
Oh god it seems so hard

'Cause the trouble with you and me
Is that you don't hear and I still
Cannot see
Yea the trouble with you and me
Is that you don't hear and I still
Cannot see

If I could only say
Would it fix everything
Words that we made and said
Hang on the tip of my tongue
And you're my safest place
My shelter and my shame
Imagine we could change
Baby our hope, will find a way

Cause the trouble you see
The trouble between you and me
Don't you see...now

'Cause the trouble with you and me
Is that you don't hear and I still

Cannot see
Yea the trouble with you and me
Is that you don't hear and I still
Cannot see
