

The Wrath Of Vesuvius

At the steps of the Master's kingdom, I kneel to what
I've joined.
The archaic atrocity of the necromancer has been
summoned!
A celestial plan of destruction is being waged upon all
of humanity.
I am the exemplary of the ravages commanded!
As I place this encumbrance upon all households, I will
dwindle the specific belief systems that I personally
abhor.
We are the storm troopers descended to efface the
crucifixes you bear, and to induce and deplore
You.
A conflagrate nimbus with razor blades, and revised
cross between the eyes is the sordid appearance that
will rend your kind.
Oh the mirth that will fill our blood stained faces!
Savagery amongst the innocent to seize the lives of the
lie and bring fourth the reign of perdition and the
riddance of the holy fallacy.
This is a genocide to illuminate your delusions.
I am the exemplary of the ravages commanded.
We will bathe in the blood that fills the serpents land!
As your burning in the furnace, where is your
ethnocentric pride?
As your burning in the furnace, where is your helping
hand?
It's all occult as you FACE
THIS PERILOUS PLAN!
