Here lies
Untouched
In the hearts
That hold too much

Here hides
Inside
A heart that beats forever worldwide
Do you realize?

You're already here
You're here
You're already here
The usual
A miracle
And you're already here

Here might
Pass by
Before you blink an eye
An open present now everlasting
Here is the moment, moments more are passing
Pray for open eyes

You're already here
You're here
You're already here
The usual

A miracle

And you're already here
Here knocks
Once more

On a soft heart
In a hard world

Here stays
Until it's met
Always
But not quite yet

Until you realize
You're already here
