My life might never be this way

But let's not let a bump in the road

Slow us down, heeey

CHORUS

I wanna be a popstar

Yeah, that's my goal

I wanna be a popstar

And this aint no joke

I wanna live a good life

Gonna make my dreams come true

I wanna live a good life

Gonna do what I have to do

Gonna make my dreams come true

Did you ever play

The saxophone

If not that

How 'bout the trombone

I personally think

Life is great

You should love

And never hate

If you hate anyone now

It'll turn your life upside down

Follow your dreams

They'll get you somewhere

'Cause you know life

Isn't always what it seems

chorus \*2

Oh, I'm gonna make my dreams come true

Oh, I'm gonna make my dreams come true

(Heeeeeeeey, yeah!)
