You must admit that, you look like shit
'Cause you've been awake all week
Sometimes it's placed that you call your gaskets
Up to your accelerating deep

You can come down
You can come down to me
You can come down
You can come down to me

You tell us, no way we can't see
What you say, we see it with our own eyes
You're in so deep that you can't even sleep
With out even me having to stack up lies
You've been in a craze for so many days

You can't even crack a grin
So, how can you stand there
And tell us that you care
While your doing your self in

You can come down
You can come down to me
You can come down
You can come down to me

You're spinning your wheels
You're looking for thrills
You're burning your bridges down
Make no mistake and take some complaints
To turn the cycle around

You had us tricked thought you had it kicked
You're back on the horse again
So, why should it be that we have to see
What you're doing yourself in?

You can come down
You can come down to me
You can come down
You can come down to me

Greg and Paul saying ah in the background
Burning your bridges down
Greg and Paul saying ah in the background

You're spinning your wheels
You're looking for thrills
You're burning your bridges down
Make no mistake and take some complaints
To turn the cycle around
