I see you floating by me  
I see a beautiful face it's pointed straight up towards  
the smog  
I know, I know you feel me beaming  
Can you sense my burning X-ray vision as you roll on  
by?

Now you must be gravitating  
To the vibe I'm generating or maybe not yet

I have known you forever  
You pushed the reset button on the counter of my heart  
But you'll laugh at my advances  
But still I've gotta chance it as I watch your dust

You do it, you do it for me, yeah you do it, you do it for  
me  
Yeah you do it, that's how I know that you are mine  
That's how I know that you are mine  
That's how I know that you are mine  
That's how I know that you are mine

I send out to you  
Frequencies exceeding the speeding laws of sound  
I extend out to you  
The satellite that will orbit your mind 'til your down

That's how I know, that's how I know  
I'm the asteroid that will infiltrate your soul  
That's how I know, that's how I know  
Speeding towards you burning out of control

Yeah, you do it, you do it for me, yeah you do it, you do  
it for me  
Yeah you do it, that's how I know that you are mine  
That's how I know that you are mine  
That's how I know that you are mine  
That's how I know that you are mine
