They promised dreams that would help me escape  
Starting to lose a sense of reality  
I don't see my dreams coming true  
They fed me lies like they know I'm a fuck up

Well I'm dead now  
And I'm gone now  
And they're dumb still  
And they're wrong still  
But why gone on for so long now  
I need an answer  
I'm FUCKED!

I'm choking on the system  
I'm choking on the system

I'm swimming now in a pool of sharks  
Scared to death, gonna pull me apart  
I'm drowning now, I need her to come through  
She's only one left that can save me

FUCK YOU ALL!  
LET'S GO!

I'm choking on the system  
I'm choking on the system

HEY! HEY!  
I'm FUCKED!
