

Coronas, The "Far From Here"

Visit "[Far From Here](#)" on MotoLyrics.com

You seem to find it easier now that you're so well
known
For all the wrong reasons, yeah, I'm sure you know
Believe me it's fine. I mean the pleasure's all mine
And I have to admit I admire how you evade your
crimes

And I know it's not my place to say but if I may, if I may
See it's oh so hard to play your part in this
When all you see are the things you just can't miss
Just remember this. You belong so very far away from
here

From here
From here
From here

And even when you fight you're never in the wrong
You've always got your knives out where they don't
belong
And would you agree in pleasant company
Things just work better if you just let them be

And I know it's not my place to say but if I may, if I may
See it's oh so hard to play your part in this
When all you see are the things you just can't miss
Just remember this. You belong so very far away from
here

From here
From here
From here

And I know it's not my place to say but if I may, if I may
See it's oh so hard to play your part
When all you see are the things you can't miss
So hard to play your part in this
When all you see are the things you can't miss
Just remember this. You belong so very far away from
here

From here
From here
From here

Oh, far from here
From here
From here
