Some days are better, they're better than others
Can't run forever, you're pushing me under
What a way to live my life
I'm hiding from the battles i don't want to fight
What i've become

And now it's going grey
All the lines are blurring and decayed
I can't recall exactly who's to blame anymore

Is it me or is it you , something isn't right
Of all the things that we could do we just wanna fight
Someday i will find the courage to embrace you
Someday i will find the strength to erase you

Some days i think i'm nothing without you
Sometimes i wish that i could just kill you
What a way we live our lives
It's hard to breathe
It feels like i'm infected by my dad's disease

And now it's going grey
And you're the one i chose to feed me pain
And i'm the one you bring home so ashamed.. through
their eyes

[chorus]

And i see myself in heaven
If i can free myself from this hell
