Another Saturday night  
Don't remind me that there nothing to do  
What do we expect from life  
So fucking play or teach for two  
So what if I'm scare, I don't wanna come out,  
Cause I'm to busy getting fucked up at my house  
What would you think of me then  
Since your doing the same I know you'll understand

And there nothing that I won't do  
To feel the blood run through my veins  
And there nothing I have to prove  
Just another saturday

You're only pretending to care  
I should listen to you because your trying to help  
Who are you to say what's fair  
If your so fucking smart why can't u figure it out  
I'm out of control; it was it said in the poll  
I guess it just because there nothing else to do  
So come and arrest me now  
Wanna be like you, please show me how

And there nothing that I won't do  
To feel the blood run through my veins  
And there nothing I have to prove  
Just another Saturday

Saturday  
Bored out of my mind  
I need to breathe  
I need to fly  
I wanna live  
I wanna die  
The things I love  
I want to fly

Yea

And there nothing that I won't do  
To feel the blood run through my veins

And there nothing I have to prove  
Anyone would do the same

And there nothing that I won't do  
To feel the blood run through my veins  
And there nothing I have to prove  
Just another Saturday
