And he told me no no no  
You can't rap man  
Look... math class  
Couldn't pass that  
So I told the teacher lick the ass crack  
I'm gonna do music  
They laughed  
[?]  
Refining my skills  
Sharpening my pen  
I got to get it in  
If I'm gonna hit it big  
And I was bi g...  
Every day...  
[Repeats]

Look at me know  
Everybody else better throw in the thaw  
They used to... put me down  
Now they see me get the...  
And they give me pounds  
What was that about?  
... I'm here  
Shut about  
Tom's got a deal  
[?]  
I'm happy now  
I got some things to be happy about  
Plus big dreams that I'm mapping out

[Chorus:]  
They said I couldn't do it  
I said I wouldn't  
And now my biggest critics  
Are saying I finally did it  
[Repeats]  
I'm grinnin'  
I'm grinning with my T pal

Just smiling  
Showing my teeth now

[?]  
Private island  
That' were I sleep now [repeats]

My friends...  
They said I rap like... the false  
I take it like a... compliment  
That's been the verse  
And they started shaking like Parkinson  
Got Poca Hontes taken off the magazines  
John Smith got change the old...  
Isn't funny how  
They tell me I got a funny style  
That's the snick... cut it out  
19 but hungry like I'm running out  
Of pride, crime and dime  
But I'm sick outta my mind  
Tom Hardy  
If you don't like the way that I'm rocking  
You can pardon me  
... I'm working force  
Making money with mike... behind the bars  
You are gonna see me sour  
Cause when I shut I score  
And if it's lucked up  
I'm knocking down the door

[Chorus]
