She won our hearts the art she loved
Is painting pictures free
When she was done she hung them up
For all the children to see
Goodbye April Lady
It's been good to have you around
Goodbye April Lady
You've done alot for the folks in this town
Children learned to read
She strung their beads
It's sorry she was the one
As you can isn't she good
She don't leave nothing undone
repeat
She taught them all to love
She was their cream
And we don't want her to go
But we know too well
She fell in love
And there's no stopping her now
